MIKAL BLUE & MINARIK GUITARS

Recently, Zachary Cortes PR was called upon to secure an endorsement for the acclaimed music producer Mikal Blue, who has produced music for the likes of Colbie Caillat, Fleetwood Mac, The Offspring and many more. It is a pleasure to do so. Mikal, enjoy your guitar from world class Minarik Guitars.

Over the past twelve months Zachary Cortes PR has toiled with great effort for Rob Michaels, and the efforts have paid off as we have greatly increased his value by securing endorsements from world class Minarik Guitars and the exquisite Young Guitars. We have secured Rob's music into radio stations in the USA and in the UK, including guest appearances on popular radio shows such as Sheena Metal's Music Highway. In addition, we have been able to provide Rob with important industry contacts which have lead him onto the path of success, not to mention the artist has been featured in publications, such as Music Connection and Rock 'N' Roll Industries magazines. This is good example of what clients receive from us.

HIT PRODUCER ROCKS WITH ROB MICHAELS
Multiplatinum, award-winning producer Mikal Blue (Colbie Caillat, Five For Fighting, The Offspring, Save Ferris) is working with rocker Rob Michaels (right) at his Revolver Studios in Westlake, CA, where they are writing and recording Michaels' upcoming EP. You can visit myspace.com/robmichaels and revolverrecordings.com/mikalblue for more information.

SYSTEMATIC TRAGEDY

SMT has been very busy making the rounds, typically playing to standing room only crowds.

This past April the band placed in the Finals (top three) after months of serious competition in the annual SoCal Acoustic and Electric Competition, which has major sponsorship offering some very nice prizes in several categories.

Systematic Tragedy will be also featured in the upcoming issue of Rock 'N' Roll Industries magazine.

ROCK N ROLL INDUSTRIES

Later this month the band will be making its *television debut* and we will have more on that later, so keep an eye out for our press release.
